

Dear Zoo Animal Collecting Game

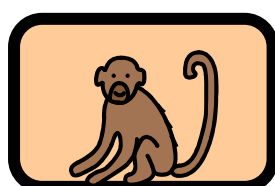

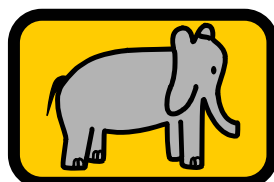

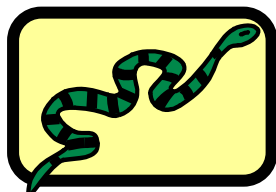

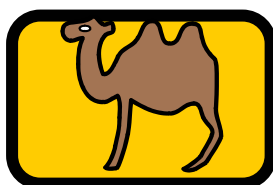

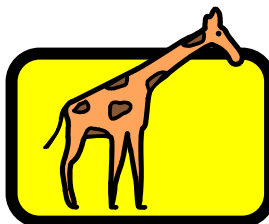

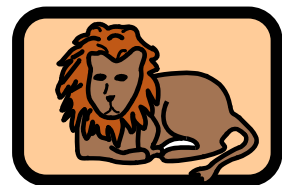

You will need: 1 Game Board (A3), An animal collecting board for each player, 8 'tick' cards for each player, dice or spinner, coloured counters.

Instructions: Players move around the board. Every time they land on a new animal they pick up a tick card to place over that animal on their board. There are 3 chances to collect every animal. If they do not fill their board when they get to the home turn they must go around again, but there are shortcuts home if they complete their card and land on the appropriate space. Winner is the first player home that has collected all the animals.

Dear Zoo Animal Collecting Game

Have you collected
all the animals? Keep
going until you have
them all or move
towards home.

Home this way!
