

Using...

...to evaluate websites
for research purposes.

is for **Title**

Look at the website
title - is it relevant and
useful?

is for **Author**

Who has constructed the site? Do they take information from trustworthy sources?

is for Summary

Read through the
content - is it suitable
for your needs? Is it
relevant?

is for **Kids**

Is the website aimed at children? Is the information presented in a clear child friendly manner?
