

'I Can...' Science statements: Experimental and Investigative Science

Level 4

I know the importance of a fair test.

'I Can...' Science statements: Experimental and Investigative Science

Level 4

I can suggest how to vary one element in a task, whilst keeping others the same.

'I Can...' Science statements: Experimental and Investigative Science

Level 4

I can make predictions.

'I Can...' Science statements: Experimental and Investigative Science

Level 4

I can decide what evidence to collect.

'I Can...' Science statements: Experimental and Investigative Science

Level 4

I can select the right equipment and use it correctly.

'I Can...' Science statements: Experimental and Investigative Science

Level 4

I can present my results as careful observations and measurements using tables, bar charts and simple line graphs.

'I Can...' Science statements: Experimental and Investigative Science

Level 4

I can make comparisons and identify trends and patterns in my results.

'I Can...' Science statements: Experimental and Investigative Science

Level 4

I am able to use results and my scientific knowledge and understanding to draw conclusions.
